## In case you missed it...

### **Celebrating National Lineworker Appreciation Day**

As we approach National Lineworker Appreciation Day on April 14, we would like to highlight our lineworkers and the crucial work they do at Roughrider Electric Cooperative. Our crews maintain and repair electrical infrastructure in all weather conditions for our members from Center to Beach. Read more on C1-5 in our local pages.

### **The North Dakota Career Tour application deadline is approaching**

Explore North Dakota's energy sector and learn more about careers that power us. Learn more and apply on our website, [www.roughriderelectric.com/career-tour](http://www.roughriderelectric.com/career-tour).

### **Luck-of-the-Draw Scholarships**

As we prepare for our Annual Meeting in Dickinson on June 4, we are excited to announce an additional scholarship opportunity for students! Learn more and register on our website, [www.roughriderelectric.com/scholarships](http://www.roughriderelectric.com/scholarships).

# TIPS FOR SAFE DIGGING

**1**

## NOTIFY

Call 8-1-1 or make a request online by visiting: [www.ndonecall.com](http://www.ndonecall.com). Be sure to make the request three business days before you start.

**2**

## WAIT

Wait three business days for a response to your request. Affected utilities will send a locator to mark any underground utility lines.

**3**

## CONFIRM

Confirm that all affected utilities have responded by comparing the markers to the list of utilities the 8-1-1 call center notified

**4**

## RESPECT

Respect the markers provided by the affected utilities. They are your guide for the duration of your project.

**5**

## DIG CAREFULLY

If you can't avoid digging near the markers (within 18-24 inches on all sides) consider moving your projects.
